## AUSTRALIA

Officially the Commonwealth of Australia, is a sovereign country comprising of Australian continent, the island of Tasmania, and numerous smaller islands. It is the largest country in Oceania and the world's sixth-largest country by total area. Medley of mountains, deserts, reefs, forests, beaches and multicultural cities are an eternal draw.

## ABOUT AUSTRALIA

Australia, is the smallest continent and one of the largest countries on Earth, it lies between the Pacific and Indian oceans in the Southern Hemisphere. Canberra, the capital is located in the southeast between the larger and more prominent economic and cultural centers of Sydney and Melbourne.

The Australian education system reflects its unique and diverse society. Australian culture is as broad and varied as the country's landscape. It is multicultural and multiracial and this is reflected in the country's food, lifestyle and cultural practices and experience.

Australia has an important heritage from its indigenous people, which plays a defining role in the cultural landscape. This diversity of influences creates a cultural environment in Australia that is lively, energised, innovative and outward looking. They welcome different abilities, religious beliefs, ethnic groups, income levels and ideas about teaching and learning. We at Ranchal Consultancy have processes in place to give you consistent, high-quality education at all levels and help you study at your dream study destination.

WHY CHOOSE AUSTRALIA

1. Affordability

Most courses in Australian universities are designed to be short but power-packed. Students can gain abundant knowledge from their programs, which delves deep into the coursework. As a result of these compressed programs, Australian universities tend to be more affordable in comparison to other popular study abroad destinations. The cost of living in Australia is also much more reasonable in comparison to the United Kingdom or USA.

2. Growing Destination

Australia is the third most sought after destination for international students within the English-speaking world, after the US and UK. International students prefer to study in Australia due to its cultural diversity, friendly natives, and top quality of education.

3. Global Recognition

Graduates from Australian education institutions are highly in demand thanks to the impressive international reputation of their education system. This system is carefully regulated by the government to conserve the excellent education standard of the country.

4. Diversity of Education

Australian institutions offer a wide range of courses and degrees, so you can easily choose the school and field that is right for you. The first decision you need to make as an international student when choosing a degree program is choosing a school that caters to your needs and interests. You can choose between universities, vocational education, and language training. It is also easy for students to move between one qualification level and from one institution to another.

5. Technology

Australia is at the forefront of new technology and innovations which is one of the most appealing aspects of choosing to study in Australia. International students can take advantage of the country’s excellent technology and resources.
